## SPECIALIZED JOURNAL IN RESEARCH AND SCIENCE

### CALL FOR SCIENTIFIC PAPERS | Nº 05 | Vol. 01 | NOVEMBER 2024

#### Call for Scientific Papers for ALBA - ISFIC Journal Research and Science

The Higher Institute of Training, Research and Science (ISFIC), committed to the socialization of scientific knowledge, launches the call for scientific articles for the ISFIC Journal Research and Science with the aim of the academic/scientific community being able to present new knowledge in favor of scientific research in Mozambique.

#### Objectives

- Promote the exchange of knowledge in the areas of scientific research.
- Disseminate the research carried out and ensure that it has visibility at national and international level.
- Develop the spirit and capacity for research in the teaching and student community.

#### Application/Article Submission

- All those who hold a Bachelor's, Master's or Doctorate degree may submit their articles in the areas of law, accounting and auditing, management (business, human resources, banking, etc.), finance, public administration, psychology, education, financial markets, international relations and related areas.
- Authors must submit their scientific articles at [www.alba.ac.mz](http://www.alba.ac.mz) in the format of template I, which can be downloaded from [www.alba.ac.mz](http://www.alba.ac.mz), in the bottom right corner, after registering as a user. All explanations of the construction and structure of the article are in template II, also available at [www.alba.ac.mz](http://www.alba.ac.mz)

#### Type of accepted works

- Submissions that meet the following criteria will be accepted: structure of the scientific article (see "Structure of the Scientific Article") and the article in Microsoft® Word® format.

**Note: Papers that are not in the format of template I, which can be downloaded from [www.alba.ac.mz](http://www.alba.ac.mz), and/or are not sent in Microsoft Word format, will not be accepted.**

Articles accepted in  
Portuguese, English or Spanish

Emilia Daússe Avenue 1990, Alto Mae Neighborhood,  
1100 (Munhuana Education House),  
Maputo - Mozambique

#### Structure of the Scientific Article

The article may be written in Portuguese, English or Spanish and must have the following structure:

##### 1. Title and Proponent:

**Title:** must be written in capital letters, bold, left-aligned, Time New Roman font, size 16, single-spaced, and must not exceed 15 words. The title of the 2nd and 3rd languages must not be in capital letters, and must use the same Time New Roman font, size 14, with 6 pts of space before and after the paragraph.

**Proponent:** Must include the name of the author and co-authors (if any). The institutions of all proponents, country, and respective e-mail addresses, ORCID (if applicable) and Science ID (if applicable) must be referenced.

**2. Abstract:** Must have a maximum of 250 words, in a single paragraph, Time New Roman font, size 11, single-spaced. It must have a minimum of three and a maximum of six Keywords, separated by commas and in alphabetical order.

**3. Resumo:** Summary presented in Portuguese.

**4. Resúmen:** Summary presented in Spanish.

**5. Introduction:** It must make clear to the reader what the topic addressed by the article is, the synthetic analysis of the theoretical and investigative framework; and what its objective is.

**6. Materials and Methods:** It must include the methodological approaches used, referring in detail how the study was carried out.

**7. Results and Discussion:** The data obtained must be presented in the form of results, interpreting, examining and qualifying the data and the results achieved, referring to the new and important aspects of the study.

**8. Conclusion or Final Considerations:** The conclusion summarizes the main aspects addressed in the article, must be brief, clear and precise, responding to the objectives of the study without making statements and inferences that are not fully supported by the data obtained in the investigation. The conclusion should also include the limitations of the study, its impact on scientific knowledge and society, and an indication of possible future work.

**9. Bibliographic References | Citations:** Sources may include books, encyclopedias, magazines, articles, websites, etc. There should be a minimum of 10 and a maximum of 20. Citations and references should comply with the standards of the 7th edition of the APA.

**10. Formatting and Number of Pages:** The article to be submitted must comply with the following general formatting rules:

The text must have single line spacing, with 6pts of space before and after the paragraph. The font size will be Time New Roman, size 12. Bold will be used instead of italics or underlining. It should be between 6 and 15 pages long.

**11. Language:** It should be objective and precise, and the use of terms that generate doubts such as: more or less, relatively, etc. is not permitted.
